

Getting Started ...

You must select 10 items from a list of 20 that you would take with you if shipwrecked on an uninhabited desert island. You are swimming to shore so you need to place the 10 items in order of priority just in case you don't have room for all 10. The aim is to stay alive and get off the island.

1. compass	11. fresh water
2. fishing line	12. matches
